**MEMORANDUM OF LAW IN SUPPORT OF PLAINTIFFS' MOTION TO
AUTHORIZE DISTRIBUTION OF THE SETTLEMENT FUND**

Plaintiffs respectfully submit this memorandum in support of their motion to authorize a second distribution of the Settlement Fund.

I. FACTUAL BACKGROUND

On May 12, 2022, the Court granted Plaintiffs' Motion to Authorize Distribution of the Settlement Fund. ECF 331. Pursuant to the approved Plan of Allocation, 5.5% of the Net Settlement Fund was allocated to Thalomid purchasers (with 15.5% to consumers and 84.5% to TPPs) and 94.5% of the Net Settlement Fund was allocated to Revlimid purchasers (13.5% to consumers and 86.5% to TPPs). *See* ECF 313-1 at 14; ECF 314; ECF 330 at 5. Eligible claimants were paid out of each allocation pool for which they are eligible. *See* ECF 330-2 at ¶ 9 and Exhibit A thereto.

Following that order, KCC, LLC, serving as the Court-approved Notice and Claims Administrator, immediately began distribution of the Net Settlement Fund to approved claimants. *See* Declaration of Derek Smith re Second Distribution of Net Settlement Fund, dated September 27, 2023 (“Smith Decl.”). Over the last year, KCC has diligently contacted claimants who had not cashed their checks and reissued checks as necessary. *Id.* After many months of follow-up, KCC recommends a second distribution of the remaining funds.

II. PROPOSED DISTRIBUTION

Of the remaining uncashed funds, \$358,088.11 falls into the Consumer Revlimid pool, \$29,841.48 falls into the Consumer Thalomid pool, \$111,203.11 falls into the TPP Revlimid pool, and \$10,774.32 falls into the TPP Thalomid pool. Smith Decl. at ¶ 4. Settlement Class Counsel recommend that each pool of funds be allocated to approved claimants within each class member type who deposit their checks from the first distribution, and who would be entitled to a payment of \$10.00 or more from the second distribution. The first distribution already made minimum \$5.00 payments to every approved claimant.

If the Court adopts the recommendations of Settlement Class Counsel and KCC, the distribution will be made pursuant to the calculations attached as Exhibit A to the Smith Declaration, showing ClaimID, claim type (TPP or consumer), approved Thalomid purchases, approved Revlimid purchases, and approximate

settlement payment amount.

IV. CONCLUSION

For the foregoing reasons, Plaintiffs respectfully request that the Court authorize distribution of the Net Settlement Fund to Settlement Class members who have submitted valid claims as set forth above and in the Smith Declaration.

FOR THE DISTRICT OF NEW JERSEY**

**IN RE THALOMID AND REVLIMID ANTITRUST
LITIGATION**

Civ. No. 14-6997 (MCA) (MAH)

**DECLARATION OF DEREK SMITH RE SECOND DISTRIBUTION OF
THE NET SETTLEMENT FUND**

I, Derek Smith, declare as follows:

1. I am a Director, Class Action Services at KCC Class Action Services, LLC (“KCC”), the Court-approved Claims Administrator in the above-captioned class action. I am and have been the person at KCC primarily responsible for administering the claims in this litigation. I have personal knowledge of the facts set forth herein and, if called as a witness, could and would testify competently thereto.

2. I make this declaration to report on: (a) the distribution of payments to approved claimants following the order authorizing distribution; (b) the plan to complete the second and final distribution.

3. KCC calculated the original payments for approved claimants based on a Net Settlement Fund of \$18,285,069.08 and a \$5.00 minimum payment. The amount increased from the \$18,278,175.89 stated in KCC’s previous declaration because of interest earned by the Fund.

4. Following the first distribution, KCC conducted extensive follow-up to approved claimants who had not cashed their checks, and KCC reissued checks to claimants who responded to KCC’s inquiries. The plan of allocation approved by the Court separated the Net Settlement Fund into four pools of funds: 5.5% of the Net Settlement Fund would go to Thalomid purchasers, of which 15.5% would be allocated to consumers and 84.5% allocated to third party payors, and the remaining 94.5% of the Net Settlement Fund would go to Revlimid purchasers, of which 13.5% would be allocated to consumers and 86.5% allocated to third party payors. Of the remaining uncashed funds, \$358,088.11 falls into the Consumer Revlimid pool, \$29,841.48 falls into the

THE NET SETTLEMENT FUND**

Consumer Thalomid pool, \$111,203.11 falls into the TPP Revlimid pool, and \$10,774.32 falls into the TPP Thalomid pool.¹

5. Because the first distribution already included minimum payments of \$5.00 to each approved claimant and to reduce the cost to the class of the second distribution, Class Counsel has instructed KCC to allocate the second distribution only to approved claimants who cashed their checks in the first distribution and who would be entitled to a payment of \$10.00 or more.

6. Based on these parameters, KCC has calculated the second distribution amounts. A true and correct copy of the calculations, showing ClaimID, claim type (TPP or Consumer), approved Thalomid purchases, approved Revlimid Purchases, and second distribution payment amount is attached hereto as Exhibit A.

7. KCC has estimated administration costs through completion of \$85,000.00 and New Jersey minimum taxes of \$1,000 and has deducted these amounts proportionately from each of the four pools of funds in calculating the second distribution amounts in Exhibit A.

I declare under the penalty of perjury under the laws of the United States of America that the foregoing is true and correct to the best of my knowledge and that this declaration was executed on September 27, 2023 in Bakersfield, California.

DEREK SMITH

¹ These pools are calculated after making a corrective payment of \$701.49 for an Authorized TPP Claimant whose original payment was mistakenly underpaid, with the corrective TPP payment deducted from the TPP Revlimid and TPP Thalomid buckets proportionally.
